CHAPTER 44-100 INCOME

44-101 INCOME DEFINITIONS

44-101

Income, generally, is any benefit in cash or in kind which is in fact currently available to the individual or is received by him as a result of current or past labor or services, business activities, interests in real or personal property, or as a contribution from persons, organizations or assistance agencies. To be considered in determining the cash aid payment, income must, in fact, be currently available to needy members of the family in meeting their needs during the budget period. Subject to this limitation and the exemptions and exclusions, as specified in Section 44-111 of this chapter, such benefits are taken into consideration as income in evaluating the need of the recipient and in determining the amount of cash aid to which the recipient is entitled.

.1 Separate and Community Income

- .11 Separate income is:
 - .111 Income derived from an interest in separate property; or,
 - .112 Income resulting from employment or military service rendered prior to the present marriage.
 - .113 Income received after the rendition of a decree for separate maintenance, as distinguished from a decree of dissolution, or when one spouse is living apart from the other spouse, as well as after dissolution.
 - .114 Funds awarded a married person from his/her spouse in a civil action for personal injuries are considered that spouse's separate income during the month of receipt, and separate property if retained past the month of receipt.
- .12 Community income is:
 - .121 Generally income derived from an interest in community property; or,
 - .122 Income resulting from employment or military service performed during the marriage and not under the situation described in .113 above.
 - .123 Funds awarded a married person in a civil action for personal injuries are considered community income during the month of receipt and community property if retained past the month of receipt except as provided in Section 44-101.114 and Sections 42-203.431 through .434.

44-113 NET INCOME

44-113

.1 Property

Net income from property (including that from property in which a life estate is held), produce or business enterprises is determined by deducting from gross income all normal items of expenses incident to its receipt. Principal payments on encumbrances are not considered a necessary item of expense. If property is sold, the interest portion of any payment received is income.

Interpretation -- Net income from property, crops and livestock is computed as follows:

Source Computation Rental of real Deduct from gross rental the a. following expenses incident to property including that in receipt: which life estate held. 1. Taxes and assessments. 2. Interest on encumbrance payments (do not deduct principal payments). 3. Insurance. 4. Utilities. 5. Upkeep and major repairs.

44-113

If a complete dwelling unit is rented the county after consultation with the recipient (a) deducts the amount actually expended each month for upkeep and repairs; or (b) deducts 15% of the gross monthly rental plus \$4.17 a month.

Note: The above expenses are prorated on the same periodic basis as the periodic basis on which the rental is received (i.e., annually, quarterly, monthly, etc.). Multiply rental income received weekly by 4-1/3 to get monthly income.

Note: Under the ordinary life estate agreement, the life tenant is entitled to the use and/or income from the property and is responsible for the usual costs of ownership such as taxes, insurance, upkeep, etc. However, if the life estate agreement stipulates the remainderman is responsible for certain expenses, such payments do not represent income to the life tenant.

b.	Rental of rooms and Room and Board	See Section 44-113.212 for computing self-employment net income.
c.	Sale of real property under contract of sale, title not passing.	The interest received is net income (principal payments represent conversion of property from real to personal property). Deduct any interest payments on prior encumbrances in determining net income from interest received from sale of real property under contract of sale.
d.	Personal property (rental of trucks, equipment, etc.)	Deduct from gross rental all expense necessary to maintenance, etc.
e.	Personal property (interest on money, stocks, bonds, etc,)	All interest received is net income, except interest on savings accounts as provided in W&IC 11009.

44-113

f. Sale of crops

Regulations

Deduct from gross income the following expenses which are incurred.

- 1. Taxes and assessments.
- 2. Interest on encumbrance payments (do not deduct principal payments.)
- 3. Water cost.
- 4. Necessary repair and minor replacement of buildings and equipment.
- 5. Fertilizer, seed, insecticides, pruning, cultivation and harvesting costs.
- 6. Rental of equipment.
- 7. Wages.
- 8. Losses on crops from the previous period.
- 9. Other necessary expenses.

Prorate the annual expenses such as taxes, assessments, etc., according to the intervals at which the gross income was received. If other expenses cannot be identified with a particular period, determine the method which assures that the expenses are allocated as closely as possible to the period of crop income, and that on a continuing basis all necessary expenses are deducted from gross income.

g. Sale of Livestock

Proceeds from the sale of the increase of livestock (i.e., that portion which represents a capital gain) is gross income. Deduct expenses incident to raising the livestock (such as feed, pasture rent, prorated personal property tax) in computing net income.

Since such income is usually received at intervals of more than one month, the same principles that apply to determining the periods of expense for the sale of crops, apply to the sale of livestock.

Note:

Proceeds from the sale of an entire holding of livestock are not income but conversion of property.

44-113

- .2 Earnings
 - .21 Computation of Net Nonexempt Earned Income for CalWORKs

To determine the amount of Net Nonexempt Earned Income for the month, the following steps shall be taken:

- .211 Determine the total amount of commissions, wages or salary earned as an employee during or applicable to the month (i.e., total income irrespective of expenses, voluntary or involuntary deductions). To determine total earnings for the month, some earnings may have to be allocated to the month pursuant to Section 44-102. Also, the monetary value of any in-kind earned income per Section 44-115 shall be included. Do not include earnings exempted in entirety under Section 44-111.22.
- .212 Determine the total profit earned from self-employment by an applicant/recipient whose earnings are not exempted under Section 44-111.22 by offsetting the business expenses against the gross income from self-employment. When the computation of total profit earned from self-employment disclosed shows that a loss has occurred, earned income from self-employment shall be zero. No additional offset shall be allowed against the family's other income.
 - (a) The applicant or recipient who is self-employed shall choose one of the following deductions:
 - (1) 40 percent of gross self-employed income, or
 - (2) verified actual self-employment expenses to the same extent allowed in the Food Stamp Program (Section 63-503.41).
 - (b) Recipients who are self-employed shall be allowed to change the method of deduction identified in Section 44-113.212(a) only at redetermination or every six months, whichever occurs first.
- .213 Combine the total earnings for the family determined in Section 44-113.211 with any net self-employment income determined in Section 44-113.212.
- Apply, as specified in Section 44-111.23, the \$225 disregard to any disability-based unearned income for the family.
- Apply any remainder of the \$225 disregard to any earned income for the family determined in Section 44-113.213.

 - .311 When Social Security benefits are paid to a representative payee on behalf of a member of the assistance unit and the representative payee does not live in the same household as the assistance unit, the Social Security benefits are counted as income only to the extent that the representative payee makes them available for the support of the beneficiary.

.5 Unrelated Adults, Including Unrelated Adult Males, Living in the Home

Net income to the Family Budget Unit (FBU) from an unrelated adult living in the home including an Unrelated Adult Male (UAM) is the sum of:

- (a) cash given to the FBU which is available to meet the needs of the FBU and;
- (b) the value of full items of need provided in-kind to the FBU. An item is not considered to be provided in-kind to the FBU if the FBU is receiving this full item of need in exchange for the FBU providing the UAM with a different item. For example, if a UAM and AFDC mother agree that he will pay the rent if she pays their food and utilities, the FBU is not receiving inkind income for housing.
- .51 Cash given to the FBU which is available to meet the needs of the FBU does not include.
 - .511 Cash which is conditioned on its use for nonneed items for the FBU, unrelated adult, or any other person.
 - .512 Cash designated by the unrelated adult to meet (1) his/her needs and expenses, including work-related expenses defined in Section 44-113, and/or (2) the needs and expenses of the unrelated adult's child(ren) or other unaided persons in the home the UAM is supporting.
 - .513 Cash which the AFDC mother and unrelated adult have specifically agreed constitutes the unrelated adult's share of the cost-of-living arrangement. For example, assume a UAM is required to make a financial contribution of \$182 to the FBU. (See Section 43-109.1 and .2.) If the UAM and AFDC mother agree that the UAM's share of the cost-of-living is \$200 and the UAM gives the mother his \$200 share, no part of this \$200 is available to meet the needs of the FBU.
 - .514 Any other amounts which the unrelated adult designates as not available to the FBU.
- .52 When the unrelated adult's income is pooled with those of the FBU, the pooled income is treated as if cash were given to the FBU.
- .53 The value of full items of need provided to the FBU is determined according to EAS Section 44-115.8. For example, assume that a UAM and his child live with an AFDC mother and her two children. If the UAM pays the entire \$300 rent to the landlord, the value of the full item of need to the FBU is the lesser of (1) the in-kind income table amount for housing for three; or (2) 3/5 of \$300 (\$180). If the in-kind income table amount were \$163, the amount of in-kind income for housing to the FBU would be \$163.

44-113

- .6 Repealed by DSS Manual Letter No. EAS-89-06, effective 10/1/89.
- .7 Child/spousal support which is paid to the AU by the absent parent and not forwarded to the county or which is collected by the county and paid to the AU pursuant to Section 82-520.4 shall be considered available income when received except as specified in Section 44-111.47.
- .8 Refunds of Retirement Contributions
 - .81 Lump-sum refunds of the employer's share of retirement contributions shall be considered net unearned income in the month received.

HANDBOOK BEGINS HERE

See Section 42-211.257 for treatment of the employee's share of retirement contributions.

HANDBOOK ENDS HERE

- .82 The interest earned on accumulated retirement contributions shall be treated as income in the month received.
- .9 Death Benefits

Net Income from death benefits is the amount remaining after deducting the actual expenses of the funeral, cremation, or burial of the insured. Such expenses must be verified by the recipient with acceptable evidence.

.10 Income from Payments Which Include Compensation for Converted Property (see Section 44-105)

That portion of a payment defined in Section 44-105.3 which exceeds the value of the converted property is income. (See Section 44-207.4.)

Net income is that income which remains after deducting the following expenses if the recipient shows the expenses were paid by the recipient while he was a recipient and were directly related to the receipt of the payment.

- a. Attorney's fees
- b. Litigation expenses

44-113

- c. Medical expenses
- d. Other necessary and required expenses.

- .1 Free Board and Lodging Received During Temporary Absence from Home
 - .11 Absence One Month or Less

The value of free board and lodging received by a recipient during a temporary absence from his home of not more than one calendar month shall be exempt.

.12 Absence Exceeds One Month

After an absence of one month, free board and lodging, i.e., food, shelter and utilities, shall be considered income but only to the extent that continuing allowances in the grant for these items exceed the cost to the recipient of maintaining the home to which he/she expects to return. (W&IC 11009.1.)

- .2 Nonneedy Relatives
 - .21 Evaluation of Income In Kind from Nonneedy Relatives Other Than Natural or Adoptive Parents

44-115 EVALUATION OF INCOME IN-KIND (Continued)

44-115

Income in kind will only be considered if the nonneedy relative chooses to make a voluntary contribution to the FBU. The county shall determine if the nonneedy relative wishes to contribute income in kind to the support of the child(ren) in his/her care. If he/she does so, the amount of a contribution actually received shall be determined in accordance with Section 44-115.3, In-kind Income Values, and be considered net income to the FBU.

Natural or adoptive parent, stepparents of AFDC children whose natural parent is in the home, or any other adult whose needs are met through APSB, AFDC, EVH, SSI/SSP, IRAP or In-Home Care programs shall not be considered to be nonneedy relatives for purposes of this section and no income in kind may be considered.

.3 In-Kind Income Values

- Provided that a lower value is not established in accordance with .32 below, the in-kind income amounts effective July 1, 1981 for housing, utilities (including telephone), food and clothing, as adjusted for any increases or decreases in the cost of living specified in .311, and published by the DSS, shall apply for those item(s) of need received in-kind by the AU. If a lower value is established in accordance with .32 below, such value shall apply for the appropriate item(s) of need received in-kind by the AU.
 - .311 Individual in-kind income amounts shall be adjusted by the same percentage increase or decrease that is applied to the Minimum Basic Standard of Adequate Care (MBSAC) levels. Such adjustments to the in-kind income amounts shall be effective at the same time as adjustments to the MBSAC levels become effective.

.32 If the applicant or recipient does not agree with the value arrived at in .31 above, he/she may submit evidence of the value of the item which he/she received in kind. For housing and clothing, the in-kind income shall be the net market value (see Section 42-203.7) of the item received. For utilities and food, the in-kind income value shall be the cost to the person who paid for the item.

44-115 EVALUATION OF INCOME IN-KIND (Continued)

44-115

If the applicant or recipient presents satisfactory evidence that the value of the item received in kind is other than the value specified in .31 above, such evidence shall be used by the county in determining the value of the item if it is to the recipient's financial advantage. Recipients who are having in-kind income deducted from their grants should be informed that this method of contesting the values established in .31 above exists.

- .33 If an applicant or recipient presents satisfactory evidence of the value of a need item shared with persons who are not members of the AU or whose needs are not considered in the AU, the in-kind value attributable to the AU shall be the lesser of:
 - .331 their pro rata share, for persons whose needs are considered in the AU, of the net market value or cost of the item, or
 - .332 the in-kind income table value established in accordance with Section 44-115.311 for the appropriate number of persons whose needs are considered in the AU.
 - .333 Example: If an AU of three whose needs are all considered shares free housing with another person, making a household of four, and the applicant or recipient presents satisfactory evidence that the net market value of the housing is \$120, the in-kind value of the housing to the AU would be \$90. If the net market value of the housing is \$375, in this example, then the AU's pro rata share of this amount would be \$281 -- however, if the in-kind income table value for housing was \$251*, the \$251* value would be used because the table values established in accordance with .311 represent the maximum in-kind income value that may be applied.
 - * The amount \$251 is subject to change. Use the currently applicable amount established in accordance with 44-115.311.

- .1 All net income of persons included in the Assistance Unit is income to the Assistance Unit.
- .2 Income in Cases in Which the Assistance Unit Resides in the Same Household as an SSI/SSP or Cash Assistance Program for Immigrants (CAPI) Recipient
 - .21 The aid payment and income of an SSI/SSP or CAPI recipient shall not be included in the Assistance Unit's income and grant computation.
 - .22 Lump sum retroactive SSI/SSP or CAPI payments received by a recipient are not countable income to the Assistance Unit.
 - .23 Payments for goods or services by an SSI/SSP or CAPI recipient to a CalWORKs cash aid recipient are income to the Assistance Unit.
 - Income derived from an interest in the community or joint property of an SSI/SSP or CAPI recipient and a CalWORKs cash aid recipient is prorated between owners and the CalWORKs cash aid recipient's share is countable income to the Assistance Unit.
 - .25 Actual voluntary contributions made by an SSI/SSP or CAPI recipient to a cash aid recipient are income to the Assistance Unit. This does not include pooled income to meet shared living expenses, or payments for living expenses made in lieu of other payments in a shared living arrangement. However, no contribution will be required of the SSI/SSP or CAPI recipient.
 - .26 If a CalWORKs cash aid applicant is determined to be eligible for cash aid and is included in the assistance unit, income of the cash aid applicant (including income considered available from a stepparent under provisions of Section 44-133.511 or a senior parent under provisions of Section 89-201.5) that may have been used in computing an SSI/SSP or CAPI grant for another person will be included in the CalWORKs grant computation. The county shall notify the Social Security Administration or the appropriate CAPI worker as to the effective date that the income is used in the CalWORKs grant computation so that such income may be deleted from the SSI/SSP or CAPI grant computation.
 - .27 The county shall notify the Social Security Administration of the effective date that a CalWORKs cash aid recipient and any of his/her income is deleted from the Assistance Unit because of receipt of SSI/SSP, if the recipient has income which was used in the CalWORKs grant computation. This is necessary so that the Social Security Administration may begin to consider the income. No retroactive adjustment of the CalWORKs grant shall be made because of receipt of SSI/SSP if the grant was correctly computed during the period the SSI/SSP application was pending.
